To

His Highness Sree Krishnaraja Wodeyar Bahadur,

Maharaja of Mysore.

Through

Lt. Col. R.G.Jones, Military Assistant to the Govt. of Mysore, and Secretary to Government in the Military Department.

The humble Memorial of pensioned Resaldar Sayid Abdur Rahman, Imperial Service Regiment, Bangalore.

Most humbly showeth:-

1. That the Memorialist was retired from service on the 1st April 1899 when he 1st grade Risaldar of his Regiment, in consequence of injuries received during polo, then lately introduced into the Regiment in accordance with the wishes of the Military Secretary, which incapacitated him for further service.

2. That, but for this unlucky accident, he would have in due course rise higher in service and retired on a better pension than what has now been granted to him.

3. That he had been promised, about the time of the accident, by the then Military Secretary, Col. Macintire, that he would be made the officer, second in command of the Regiment, and had indeed drawn pay as such for 4 months after recovery from his wounds.

4. That, shortly before his retirement, the Government of Her Highness the Maharani Regent were pleased to raise the salaries of the officers of the Imperial Service Regiment; that in consequence of it he had drawn increased pay for about four months and that, as his retirement was before he had completed his 55th year and in a way compusory, he ought, in fairness to draw a full pension, calculated on the pay he actually drew at the time of his retirement.

5. That, at the time of his retirement, he was about 50 years of age and had put in a service of about 33 years, having risen by dint of service and merit from the ranks to the position of a 1st grade Risaldar, and that all along the period of his service he bore an excellent rider and skilful leader, hard working, honest and dutiful.

6. That he belongs to a respectable family of Jaghirdars who were once settled in the village of Rattahalli in the Dharwar District that his great grand-father, having suffered reverses of fortune on those troublous pre-British days, sought service in Mysore under Tippu Sultan, as an officer of Cavalry and obtained the Asafi of Harpanahalli and that after him the Memorialists grand father and father also rose to be commissioned officers under Dewan Purniah.

7. That, in consequence of his having a large family, he finds h his small pension of Rs.90 insufficient to maintain it consistently with his rank and status in society and prays that after due consideration of his case, His Highness may be pleased to grant him an enhanced pension calculated on the increased salary drawn by him at the time of retirement and some wet-land in a convenient place, on conditions similar to those stipulated in the case of similar grants made by Government. The Memorialist further begs to bring th the kind notice of His Highness may be graciously pleased to give this young man a decent berth in the Imperial Service Regiment and thus enable him to continue to weild his father's/~~s~~ sword in the cause of his country and of his gracious Soverèign.

For which act of grace, the Memorialist will, as in duty bound, ever pray.

The Memorialist &c.

Signed Pensioned Resaldar Sayed Abdur Rahman.

MEMORANDUM.

Military Department.

To the Dewan of Mysore for orders

No.130/En.2

Dated 9th January 1904.

Subject.

Resaldar Syed Abdul Rahiman's prayer for increased pension and and an appoint-ment for his son in the I.S.Regiment.

Also Chief Commandant's letter to 1955 dated 31st December 1903, recommending the increased pension and stating that petitioner's son will be enlisted if passed medically fit.

Submitted. This is a hard case. Resaldar Syed Abdul Rahiman was a hard-working active man and a very good rider. His pony fell with him at Polo and he hit his head very severely. The concussion affected his brain and his eyesight and mind suffered for some time. He has gradually somewhat recovered though not absolutely well.

The I.S.Lancers were encouraged to play at Polo, and as this accident may be said therefore to have happened more or less in the execution of his duties I think thatthe increase of pension (which he would doubtless have earned had he remained sound) may be given as recommended by the Chief Commandant.
